- YOUR BURGER. YOUR CHOICE -

Yes, this is a blast from the past. When DNK opened its second location in Darwin City back in 2022, this was the concept. Build Your Own Burger.

Some people loved it. Boomers hated it. Drunks absolutely funded it.

If you've got a bit of time on your hands and feel like creating your own masterpiece, this is the way to do it. Choose your patty, cheese, sauces and extras, then build the burger you've always wanted.

Please note: Build Your Own Burgers are available for in store orders and website orders only. They are not available for phone orders.

We don't do Public Holiday Surcharge or Weekend Surcharge. (GF) means Gluten Free Option Available. Please advice our friendly looking staff of your allergies. Stop paying almost double for third party apps. We offer Free Delivery to Palmerston (Yeah we don't cross Berrimah line either). Order from us direct.
